## By Car

Assuming that you are coming from the M25, come off at junction 5 and head south on the A21, follow the A21 past the turn off for Tunbridge North and take the exit signposted Southborough and Tunbridge Wells.

The road now becomes the A26. Continue straight off the slip road and head south towards Tunbridge Wells. After about half a mile the first right hand turn off will be indicated to Bidborough and Penshurst.

Take this road and follow it through Bidborough and continue towards Penshurst. Before the village of Penshurst you enter a 30mph zone and start heading down a steep hill.

The turn off for the Enterprise Centre is halfway down the hill on the right, its easy to miss, if you reach a hump back bridge, you have gone too far!

Proceed along the unmade road then left and right into the courtyard of the Enterprise Centre.

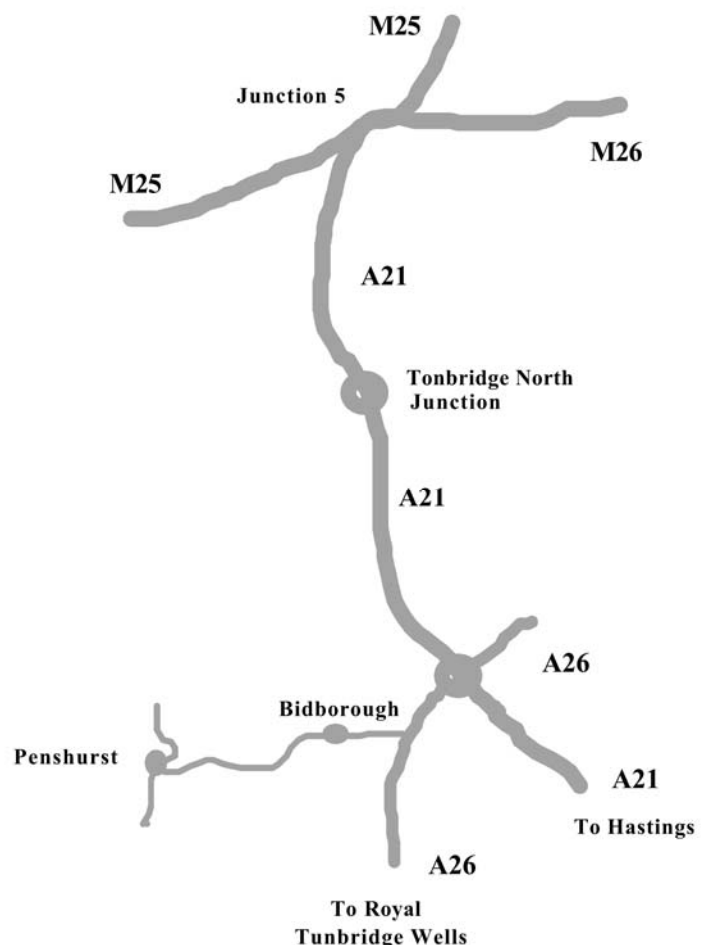

We are in the left hand corner.

## By Train

Tonbridge Station is a National Rail mainline station with a Southern service running from Charing Cross, London. The office is a 15 minute taxi ride from Tonbridge Station (Approx £10).

## By Plane

The nearest airport is Gatwick International which is an hour by car or a train ride via Redhill to Tonbridge. Heathrow Airport is 1.5 to 2 hours drive or a train journey via Charing Cross.
